To: All Undergrad

From: UCI Student Affairs

Subject: ASUCI Visions Leadership Program

Dear UCI Students:

You are invited to participate in Visions Leadership Program, a 1.3 unit class offered under the Office of the ASUCI President. This class has existed for the past 20 years to provide UCI student leadership and communications skills to succeed on campus. It focuses on how to get involved at UCI and covers such topics as leadership, networking, time management, public speaking, implementing change, and diversity. There will be guest speakers, workshops and panels that include ASUCI executive board members, legislative council members, and presidents of clubs and school programs. Undergraduate student leaders teach this interactive program. It meets Wednesdays from 3 - 4:20pm at HOB2 130. The first meeting will be on Wednesday, April 5, 06. It is worth 1.3 units. If you are interested in becoming part of this experience, go to the ASUCI office (next to Health Education. Located on Yellow Brick Road. Take the steps down to the front desk) and obtain an authorization code to register. The class course code is 86030. Many of us want to get involved on campus and become leaders - make this step towards success on and off campus!

Emil Kuruvilla
Visions Commissioner

Nina Mirsafavi
Visions Commissioner

Carlos Feliciano
ASUCI President
