Subject: Wildfire Volunteer Opportunities

Wildfire Volunteer Update:

We appreciate your desire to assist the communities and individuals most affected by this tragedy. For your safety, the Red Cross asks that volunteers do NOT go to the evacuation sites or leave donations at the evacuation sites. Currently, there is a need for non perishables, hygiene supplies, food vouchers, and monetary donations.

The Center for Service in Action is hosting a collection bin (M-F: 9am-5pm) for non-perishable food items, grocery gift certificates, fast food certificates, and hygiene supplies for Operation OC. Operation OC is Orange County's collaborative private/public partnership which has been reactivated to meet the needs of the Evacuees of the Fires Ravaging Southern California.

We will continue to post volunteer opportunities as they become available.
